readers should realize that only careful medical examination by a physician could determine the nature of the trouble. It is so foolish to describe a few symptoms and expect an off-hand answer. Such an answer would be of no value whatsoever.

Q—How can a person tell if he is cured of syphilis? Will sarsaparilla bring a cure after taking "606"?

A—Certain tests can be carried out by a physician, or at one of the clinics in your state, which will show whether you are cured or not. Sarsaparilla is of no value whatever in the treatment of syphilis. If you will send moyour name and address I will be giand to sond you some helpful literature dealing with this disease.

O—My none is always cold, and

tone of the blood vessels by applying very hot and very cold applications, rapidly alternating.

Q.—What would cause a black dot before my left eye? I am also so dizzy at times. I had my eyes tested and have very good eyes.

A.—I wonder did you have your eyes examined by an opinnaimologist; that is, a physician who has made a special study of the eye, or did you go to an optician or some other non-medical examiner who merely tested your vision? There is quite a difference between these examinations, and it is the medical one you should have had.

Touch of Silver Lace In Summer Evening Gown

By CORA MOORE

New York's Fashion Authority
NEW YORK, June 28.—A touch of silver lace, a bit of silver embroidery, a length or two of silver ribbon is an ideal addition to a summer frock, for the very tone of silver suggests coolness, as red suggests warmth.

So, then, here is a hint worth foilowing in this dance frock which was recently seen on the capitol stage. Its material is soft, satin-surfaced ailk with silver ribbon exactly matching the tint of the silver in the embroidery and lace. Straps of silver ribbon licit up the little corseted bandeau which drapes itself loosely about the waist.

with its shimmer that makes you mink

TODAY IN HISTORY SLIGHTLY JAZZED

Sixty-eight years ago to the man only-look for the name California on 1852. Henry Clay died. He was the prototype of William Jennings Bryan. Clay was a homely man, which was of great help to him in politics, for the great help to him in politics, for the man of the little stomach, live do not elect presidents for their liver and bowels. Children love its president who could we do not eject presidents for their looks, and was an orator who could make the lightning flash and the wind roar and the hearts of his hearers beat with his. He was beaten for the presidency in 1832, but was prominently mentioned" every four years after that, being considered a possibility at all times until his death. Clay was a great man, but he managed to get his roll down on the wrong card every list roll down on the wrong card every roll down on the wrong card every
